

## **VAUGHN BAKER - BIO**

Mr. Baker is Co-Founder and President of Strategos International founded in 2002. His professional experiences include 25 years of patrol, investigations, and special operations assignments. He has also served as a member of his agency's SWAT team for over 13 years. He has trained tens of thousands of school, healthcare, government, faith based, law enforcement and military professionals from around the world over the past 2 1/2 decades on various safety, security, law enforcement, military and tactical related topics. Additionally he has developed curriculum related to active threat intruder response, armed robbery response, corporate/school and faith based security, behavior pattern recognition for predictive violence, personal awareness and safety and numerous other safety and security related topics. He is the author and co-authory of two books:

- The Church Security Handbook: A Practical Guide for Protecting Your Congregation in Uncertain Times!
- Active Threat: Workplace 911: An Expert Guide to Preventing, Preparing for and Prevailing Over Attacks at Work, School and Church

## **STRATEGOS CORPORATE BIO**

Strategos International has trained, consulted and protected over 250,000 government, corporate, school, faith-based, law enforcement, military, church, and security professionals since 2002. Strategos is considered the leading authority on the active threat and church security topics based on their years of research, experience and practical testing of principles taught. Strategos has trained, consulted and protected clients in 15 countries around the world since their founding.

**CHURCHES** - Strategos is the largest provider of church security training in North America and will conduct over 300 one day and multi-day church security training courses for church leaders, staff, ushers, deacons, elders, children's care and church security volunteers in 2020 alone. Since 2008 we have trained over 50,000 church staff and volunteers on this topic.

**WORKPLACE**: Strategos serves numerous Fortune 500, 100 and 10 clients across the globe on providing training, consulting and protection solutions. Our protection projects include high risk terminations, disaster recovery asset protection, executive/VIP protection and disaster rescue and extracts. These

projects include response to client needs in Chicago, Kansas City, Charlotte, Milwaukee, Louisville, New York City, Boston, St. Louis, Miami, Atlanta and even Puerto Rico related to riots, gas line explosions, hurricane and other natural and man-made disasters.

SCHOOLS - Strategos has served over 75,000 school professionals in 20 States by providing safety and security training and consulting solutions for both K-12 and secondary education organizations.
