

Raul Reyes Bio

Raul Reyes has a national and international reputation for being an ardent defender of life with a powerful Bible-centered message about the believer's role and responsibility to share Christ and save lives. Because of his 37 years leading and teaching in sanctity of human life ministries, Raul is widely viewed as an authority on abortion, abortion alternatives and creating Christ-centered responses to abortion.

Raul has led some of the largest pro-life Pregnancy Centers in the United States. Raul's service also includes serving at LIFE International first as Director of International Ministries and then as Executive Vice-President. In this capacity Raul travelled the world helping establish a network of Pregnancy Centers, training boards and staff, and presenting the message of the sanctity of human life to Pastors worldwide.

Over the course of the last 20 years, Raul has traveled the world and shared the message of Christ and life to thousands of pastors and Christian leaders in over 20 countries.

Recently Raul has launched Life Equip Global, an international ministry that responds to the holocaust of abortion by using technology to multiply the equipping of Christians worldwide with Life Advocate Training - a Christ-centered training that equips Christians globally to help mothers choose life rather than abortion.
