

DR. REGGIE CHANDRA - BIO

Dr. Reggie Chandra, acclaimed by “Esquire Magazine” as one of the US's most inspiring CEOs, has demonstrated versatility as an inventor, pastor, speaker, and entrepreneur. Chandra's impressive qualifications include a Ph.D. in Leadership, master's degrees in biblical studies and engineering, a professional engineering license, and expertise in artificial intelligence, all made possible by the grace of God.

After serving as a Senior Pastor for a church in Missouri for six years, Dr. Chandra founded Rhythm Engineering. Rhythm Engineering was listed in the Inc. 500 for six years and has been lauded by Gartner, Deloitte Fast 500, governors, mayors, and entrepreneurial groups. Rhythm Engineering's safety solutions enhance over 3,200 US traffic signals, delivering greater safety and efficiency for motorists. This value creation has contributed to the company's revenue-generating over \$140 million.

Married with two children, Dr. Chandra spends his time writing, traveling, and speaking.
